MILAN URBAN FOOD POLICY PACT – WORKSHOP

2.00 pm: Introduction

Welcome Speeches

Presentation of the of the Milan Urban Food Policy Pact updates and work plan

2.20 pm: Advocacy and partners matching: What cities ask to networks

Beside the best practices exchange, networks play a key role in the enhancement of advocacy actions and partnership activation. The panel will enable a discussion about the added value of a multilevel alliance of networks (national, regional and global) to reach the MUFPP goals.

3.35 pm: Building a Monitoring Framework of the Milan Urban Food Policy Pact

Although the non-binding nature of the agreement, many MUFPP cities have requested to identify MUFPP measurable targets and indicators to help cities to measure the efforts put in place and the results achieved to inform decision making process. The session will be devoted to the work led by the City of Milan and the Food and Agriculture Organization of the United Nations (FAO) to build a monitoring framework in order to assess the progresses made by cities in achieving more sustainable food systems, and therefore in the implementation of the Pact.
